AN UNFORGETTABLE  
CULINARY EXPERIENCE  
-

Bay Phsar for an evening of culinary showmanship where you can savour the flavours and experience the atmosphere of a typical Asian market.

Our talented chefs will demonstrate their knowledge and skill in preparing a repertoire of delicious Asian dishes utilizing fresh organic ingredients that have been selected by you. The cooking style in our purpose built kitchen is definitely interactive.

The evening commences with the presentation of an a la carte menu from which you get to choose your appetizer and dessert. The highlight though is certainly the chance to work with our chefs to create a main meal that is guaranteed to provide a unique Asian experience.

Just another unique dining experience at Phum Baitang!
